- d. Campus Concerns Chair
 - i. Food Focus more veggie and turkey burgers-ask them to grill
 1. premade salad with meat in them-on the side
 - ii. What's Your Beef? Talked to Bonnie Shawberry and Linda, willing to come in Oct 23 or Nov 6 at 8 and present rights of people and what happens with rape. Self defense class after that 8:30-9:00.

Casie-Sooner the better-
23 is finalized

Can student senate get a central base of cell phone numbers for ppl who want to get informed.

Luke-must be extremely confidential

KB- wouldn't be an issue if students had room phones plugged in.

Alyssa-doesn't matter if the power is out. Are they serious about actually using them?

Andrew- student senate would be collecting numbers for not ourselves right? Yes

Luke- room phones don't have text messages and getting numbers is not our place like Andrew said.

Ben- cell phone is good. RA's or other ppl like that can collect cell phone numbers. Stalker books take away privacy as it is. 36 hour email is not exactly the answer.

Jordan-wouldn't it be easier to just email?

Corie- how does it work if your phone does not get texts?

Andrew- Heidelberg already collects cell phones in Banner. We have a means to collect it, and we could put it into our resolution.

Corin-our committee is going to put a table tent for ways on how to get mace so its publicized

III. Special Committee Reports Luke- everyone needs to email their meeting times or pass me a note during the meeting

- a. Task Forces

Keenan-email any suggestions kjones5 for vision statement

- i. Vision Statement
- ii. Faculty Committee Placement

Luke-got a list of ten committees, see me

Faculty Committee Reports (Vice President Luke Ahrens)

CRC DC EPC horseback riding, environmental sciences, and core 300
music and rituals FDC IRC RCL

IV. Old Business

a. Who's Who

Holly- we still need one position for Arts who is a junior

Corin-can we put a sign in Brenneman saying junior needed

Holly- we have a deadline Friday, what should we do

Casie- Bulletin boards are on the left by the walls

b. Congressman Gillmor Frame

KB-sorry there is no picture

Holly-When should we set up Hman times, casie send around a sign up sheet

Casie- once everything gets settled then the glass will be set in.

c. Homecoming Booth

Holly-anyone who wants to help, tell me and tell me for suggestions, I don't want to use our money for things to hand out. I will be emailing u guys for requests to sit with m,e

d. T-Shirts

Luke- \$8 a shirt for 15 shirts, that's a lot. Discussion on just buy shirts or get shirts on everyone

KB-ask them all the questions to decide price, do a front and back shirt with one color and it will be cheaper, luke is open for design selection from senate

Keenan- the price will go down regardless if we add more shirts

KB-if would be great if you could put the pins on your book bags. That is all
Jordan-what did we do with the contact info. Shannon: get the list of contact information out to people

Holly- we have a list serve

V. New Business

a. Campus Safety Resolution

Holly-Keenan and Corin will answer questions that anyone has. No time to read bitches! And if there are minimal suggestions we can vote on it.

Keenan had a point of order and then ben shot him down. Hahaha

Keenan-I move to accept the resolution.

KB- in the last paragraph it says magnetic stripes....can we strike it and say keyless? I would iek to make a friendly amendment that we strike the following words...with identification cards with magnetic strikes, then adding before entry keyless.

Keenan-I accept if we can change an to a

Done deal

Alyssa- second to last- it says distant and it should be distance. I make a friendly amemdment that we strike distant and add distance.

Accepted

Alyssa-I know for a fact that hey said that by the fall of next year that they will have keyless entry- sorry I'm wrong.

KB-it's at least brown frace

Anita-I would like to make a friendly amendment for the campus concerns committee to co sponsor.

Ben- no need for a friendly amendment

Kb-what does that mean

Keenan-politics, it just means your name is on it

Ben-student senate is sponsoring it so there is no need for campus concerns to be on the bill.

KB-after we accept this resolution, can there be any other wiggle room for other suggestions/

Ben-this will go to all people listed on the resolution

KB-I want that all residents have to check in with their RA, can I add that now?

Keenan-be specific wehr you want the friendly amemndment. This would go into effect if we want it. In the last paragraph, I suggest a friendly amendment of striking dorm and replacing it with residence hall. Accepted. In the third to last paragraph, I would like to offer a friendly amendment that the collection and storage of the Student Senate of Heidelberg College believes the communication between the Heidelberg College Administration, the Heidelberg College Faculty, the Heidelberg College Staff, Heidelberg College Student Body, and the Tiffin Police Department should be enhanced to ensure the immediate, appropriate, and secure dissemination of events on Heidelberg College Campus or in the City of Tiffin relating to the safety and security of Heidelberg College students,????

Ben: do we want to be specific or broad

KB-I think we should be specific-full support

Corin-email go first b/c everyone has email, not everyone has cellphones, then it should be cell phones and then land lines.

Ben-did you say everyone's cell phone, or if ppl can refuse it.

Keenan-I am going to retract this afterwards. Does sSS feel that there should be a timed response for the administration to respond?

Corin-it should be in the best situation to them, so they can figure out how to handle it.

KB-I agree with corin. There should not be a timed response. Students could be informed incorrectly, and the college tried to do it as quickly as possible

Alysssa-I would be moe wiling if the school would only use it for emergency. Stoner can do their own thing.

Luke-are you retracting it in order to fix it yourself?

Jake-I thnk we are being a little bit vague, should we discuss when dustin is here? discuss about cell phones

Holly- we don't have final say, but administrators will look at it.

Katie-what will be said in the messages- word of mouth

Luke-I would rather know the immediacy of the situation rather than the correctness of the statement

Ben- don't get caught up in semantics now. This is what we want, this is what we need.

KB-add the word life-threatening

Keenan-should we replace this one resolved clause?

Whitney-I thought resolutions should be broad so they can be interpreted.

Keenan-fair point mate. It should come down to how broad we want it to be.

Luke-we may seem like we are arguing with semantics, but its not a bad thing. (ben disagrees) at least we told them what we wanted.

Alyssa- admin says “tell us what you want” If we don’t say what we want, then we won’t get it.
Specific

Ben-Sounds like we want email, cell, landline added in. We don’t need the f-ing description. I want to know that I can’t go over to CC if there a shooting. I agree with the broadness.

Keenan-I would like to retract my amendment

KB-I would like to make a friendly amendment to correct the spelling of resolved in the last paragraph

Accepted

KB-I move to make a friendly amendement that we would like the administatoin and the office of res life ot review and update the policy of res life so that the RA’s check in every visitor and student.

Corie-how do you forsee students checking in with RA’s. just during duty hours? It’s a good idea theoretically, but logistically it would not work.

KB-by putting this in the resolution, we can get the ball rolling.

Corin-I would like to see, I would like to see administration update and install the overnight guest policy. ID swipe cards would get rid of RA checkin.

Luke-anyone can get in to any residence hall no matter what.. So it does not matter if the door is keyless or not.

Katie-it’s a good idea to check in with RA’s, but brownfrance is improbable and we have classes there.

KB-this is honestly just for them to start to think about it. A student should start thinking that hey I need to check in.

Ben- this is a good idea, but it needs to be discussed elsewhere. The resolution is done and can be impliemented right away, so we can work on the other thing later. We need to really find out if that is what we want.

Corin-Ben had a shindig. I don’t like the second part, too much trouble. Gostopo?

Luke-by the end of the academic year have it looked at or implemented. We could put it in the year plan to look at.

Corin- we can add stuff to look at.

KB-I retract my friendly amendment in hopes to write a resolution of my own.

Luke-to review the guest visitation policy. Put that at the end of the second to last paragraph on the back. Following the and, replace the comma with the semicolon.

Accepted.

Keenan-FA to strike the 2nd resolved clause and replace it with be it also resolved the SS of HC believe the HC administration should collect and store the college and provided and personal email addresses cellular telephone numbers and landline telephone numbers of HC students faculty and staff willing and able to offer (Now: volunteer) such information to be use by the HC administration to appropriately disseminate information pertinent to the safety and security of the HC student body faculty and staff.

Accepted.

Andrew: opt in

Keenan: I would like to make a FA to the second resolved clause see above

Accepted.

Alyssa: make sure we have someone spell check and approve it

Keenan: I make a FA be adopted by student senate..

We’ll pass it and as soon as some one reads it then it will go into effect.

Resolution is passed! Yay. Huzzah!

b. pepsi grant

KB-don't be on this committee if you applied for the pepsi grant

Corin-biology
