

March 13, 2020

Dear Heidelberg Community:

We have one important update to share with regard to the start of classes following our extended Spring Break. When we resume instruction on Wednesday, March 18th, all content will be delivered online, including all labs and performance-based courses. Students will hear from faculty members in all of their courses with specific guidelines as to how the course will proceed online.

We will continue to provide updates as needed, and please do continue to use the [Google sheet](#) created to share questions and concerns as a virtual “open forum” for our campus community. You can continue to post your questions here and we will do our best to address them in a timely manner. Additionally, please visit [Heidelberg's webpage](#) for the most current information pertaining to Heidelberg's response to the coronavirus situation.

Sincerely,

Beth M. Schwartz, Ph.D.

Vice President for Academic Affairs & Provost
