

December 28, 2020

Dear Heidelberg Students and Parents,

I have heard from a number of students following this morning's email who have not yet received the required return-to-campus COVID-19 home test kit. Despite our best planning, there have been delays nationwide with delivery services. If you have not received your test kit by **noon this Thursday, December 30**, please email studentaffairs@heidelberg.edu for further instructions.

For those students who have been struggling with registering your test (the first and most important step in the process), we are working with our partner, Telomere Diagnostics, to rectify these issues as quickly as possible. We will provide specific information as soon as it becomes available.

There is still plenty of time, so don't worry. The important dates to remember for your sample collection and return are as follows:

- Indoor Track – January 4, 2021
- All students except Resident Assistants – January 5, 2021
- Resident Assistants – January 7, 2021

Sincerely,

Dr. Chris Abrams
Dean of Student Affairs
