<b>Licensure Pass Rate</b>	60%	75%	100%
<b>Job Placement Rate</b>	80%	100%	100%

Note: Due to the challenges with studying for the exam and taking the exam during the COVID pandemic, the first-time pass rates are lower than usual. Many students reported increased stress and less time to study due to challenges they faced during the pandemic. In response to these issues, the Ohio Department of Education is allowing for a temporary license for one year to help students deal with the stress and challenges associated with taking a licensure exam during the pandemic.
