Located in the heart of Europe, the city of Heidelberg is widely considered to be among the most beautiful in Germany. Nestled in a lush green valley along the banks of the Neckar River, this historic city sits at the foot of its iconic sandstone castle. Home to Germany's oldest university, the Universität Heidelberg was founded in 1386 and is one of the most prestigious institutions of higher learning in the country.

The AJY building is situated in the bustling city center, right on University Square. Surrounded by shops, theaters, museums, and libraries, there is much to explore in and around the city.

Come join us this summer and create your own European experience!

“The summer semester was in full tide; consequently, the most frequent figure in and about Heidelberg was the student. Most of the students were German, of course, but the representatives of foreign lands were numerous. They hailed from every corner of the globe.”
