## Ohio Educator Preparation Provider Performance Report

### Heidelberg University

---

#### Institution Profile

(Data Source: Heidelberg University)

Heidelberg is a private, liberal arts university located in Tiffin, the county seat of Seneca County, in northwestern Ohio. Heidelberg was founded in 1850 by members of the German Reformed Church who named the University after the Heidelberg Catechism of 1563.

The School of Education is accredited by the National Council for Accreditation of Teacher Education (NCATE). This accreditation covers initial teacher preparation programs and advanced educator preparation programs.

#### School of Education

Heidelberg University's School of Education offers nineteen licensure programs in early childhood, middle school, and secondary levels of education. The faculty consists of seven professors and several adjunct instructors. All education majors complete numerous field experiences throughout the teacher preparation program. During these experiences, students plan and teach lessons under the guidance of a mentor teacher in real classroom conditions to develop their knowledge, skills, and dispositions in preparation for student teaching.

#### Report Overview

The Ohio Department of Higher Education gathers data annually from multiple sources to report the following performance metrics in the Educator Preparation Provider Performance Reports:

- Ohio Teacher Evaluation System Results for Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Ohio Principal Evaluation System Results for Ohio Principals Prepared by an Ohio Educator Preparation Provider
- Field and Clinical Experiences Required by Ohio Educator Preparation Provider Candidates
- Licensure Test Results for Ohio Educator Preparation Provider Program Completers
- Value-added Data for K-12 Students Taught by Ohio Teachers Prepared by an Ohio Educator Preparation Provider
- Demographic Information for Schools in Which Ohio Educator Preparation Provider-Prepared Teachers with Value-Added Data Serve
- Academic Measures Used to Inform Admissions Decisions at Ohio Educator Preparation Provider Programs
- Survey Results of Pre-Service Teacher Candidates Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Ohio Resident Educators Who Were Prepared by Ohio Educator Preparation Providers
- Survey Results of Ohio Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Survey Results of Mentors Serving Principal Interns Enrolled in Ohio Educator Preparation Provider Programs
- Ohio Educator Preparation Provider National Accreditation Status
- Persistence in the Ohio Resident Educator Program of Teachers Who Were Prepared by Ohio Educator Preparation Providers
- Ohio Educator Preparation Provider Excellence and Innovation Initiatives

**Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers**  
**Prepared by an Ohio Educator Preparation Provider at Heidelberg University**

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: Ohio Department of Education)

**Description of Data:**

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

**Limitations of the Ohio Teacher Evaluation System (OTES) Data:**

1. The information in the report is for those individuals receiving their licenses with effective years of 2019, 2020, 2021 and 2022.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

**Ohio Principal Evaluation System (OPES) Results for Individuals  
Completing Principal Preparation Programs at Heidelberg University**

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: Ohio Department of Education)

**Description of Data:**

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2019, 2020, 2021 and 2022.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

**Field and Clinical Experiences for Candidates at Heidelberg University**

Reporting period from September 1, 2022 to August 31, 2023.

(Data Source: Heidelberg University)

**Description of Data:**

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

Teacher Preparation Programs	
Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	Y
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	0
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	200
Average number of weeks required to teach full-time within the student teaching experience at the institution	10
Percentage of teacher candidates who satisfactorily completed student teaching	100%

**Value-Added Data for Students Taught by Teachers Prepared by  
Ohio Educator Preparation Providers at Heidelberg University**

Reporting period from September 1, 2022 to August 31, 2023.

**Description of Data:**

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

**Limitations of the Value-Added Data:**

1. The information in the report is for those individuals receiving their licenses with effective years of 2019, 2020, 2021 and 2022.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

**Pre-Service Teacher Survey Results**

Reporting period from September 1, 2022 to August 31, 2023.

**Description of Data:**

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 2,228 respondents completed the survey statewide for a response rate of 37.2 percent.

**Description of Data:**

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the Association for Advancing Quality in Educator Preparation (AAQEP) or the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

## Teacher Residency Program

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: Heidelberg University)

### Description of Data:

The Resident Educator Program in Ohio encompasses a robust four-year teacher development system. The data below show the persistence of Ohio Educator Preparation Provider graduates through the program.

Data from this table capture a year-to-year snapshot of the persistence of Ohio Educator Preparation Provider graduates through the program. Corrections to prior year reporting may be captured in the current year's reporting. Data used to create this "snapshot" table are sourced not only from the current year's resident educator completion data results, but also prior year results because a Resident Educator may fail to complete all the program year requirements within the same academic year.

Some of the scenarios addressed in the design of the table are as follows:

1. A normal scenario, where a student is reported each year and is listed as completed. In this case, we include them in only the Entering/Persisting counts for the current year.
2. A scenario where a student is reported as entering one year, but not as completed, but then reported the following year as completing the previous year and current year. In this case, we include them in the Persisting count for the previous year, but not the Entering count. We also include them in the Entering and Persisting counts for the current year.
3. A scenario where a student is not reported for one year, but reported with records for the previous year and the current year the following year (both as completed). In this scenario, we include them in both the Entering and Persisting counts for both years.
4. A scenario involving a registration fluke where a student completes Year 1 of the RE program with an issued RE license, but not an effective or valid license until the following school year. For example, a teacher has all the qualifications for a full license, but completed Year 1 under a sub-license (in which the work is counted) and Year 2 under a RE license.

## Excellence and Innovation Initiatives

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: Heidelberg University)

### Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

### Teacher Preparation Programs

<b>Initiative:</b>	Diversifying the Educator Pipeline
<b>Purpose:</b>	recruit diverse educators and diversify the field
<b>Goal:</b>	To increase educator diversity in Northwest/Central Ohio
<b>Number of Participants:</b>	10
<b>Strategy:</b>	10 students have been recruited and received their first year of education courses while still in high school. They will then transition to Heidelberg as sophomores. All tuition is paid.
<b>Demonstration of Impact:</b>	Data will be reported at a later date
<b>External Recognition:</b>	Federally funded grant

  

<b>Initiative:</b>	G.A.P. Initiative
<b>Purpose:</b>	Community Collaboration to support teacher candidates and the community
<b>Goal:</b>	organize and run afterschool tutoring program for local K-5 student
<b>Number of Participants:</b>	43
<b>Strategy:</b>	Heidelberg's education department works with 3 local partner schools and their K-5 students identified as needing high intensity support in reading and literacy. Beginning in August, tutors are hired and K-5 students are identified. Tutoring begins in October and runs through the end of April. Data and outcomes are reported quarterly and is being analyzed for effectiveness.
<b>Demonstration of Impact:</b>	Data is still being analyzed and will be reported in 2024
<b>External Recognition:</b>	Received federal grant
