

### **Measure 3: 2020-22 Teacher Licensure Pass Rates (Component R3.3|5.1|5.3|5.4)**

As part of the process of becoming a licensed educator in particular areas in Ohio's pre-kindergarten through grade 12 system, candidates must pass Ohio licensure exams. [Ohio Assessments for Educators \(OAE\)](#) measure professional, pedagogical and subject-specific knowledge and skills. Pearson's Evaluation Systems group provides these tests. [Educator License Exams - Initial Licensure](#). The following data is reported in our Ohio Educator Preparation Provider Performance Reports. Prior to 2022, we had consistent pass rates of 100% as well as 100% of our teacher candidates completing student teaching satisfactorily. In 2022, while 100% of our teacher candidates satisfactorily completed student teaching, our pass rate on teacher licensure tests dropped to 86%. Due to this change in pass rates on licensure exams in 2022, Heidelberg's EPP in collaboration with HECAP and other stakeholders, is analyzing changes in our program, curriculum and our teacher candidate performance monitoring systems that could have impacted students ability to successfully complete their licensure exams. As part of our quality assurance system and continuous improvement, we will work to ensure our teacher candidates' possess academic competency at the completion of student teaching and can obtain their license. We will continue to monitor Heidelberg's 2023 and 2024 pass rates.

### **Heidelberg EPP Teacher Candidate Successful Completion of Student Teaching and Licensure Pass Rates**

Year	Percentage of teacher candidates who satisfactorily completed student teaching	Completers Tested	Pass Rate
2022	100%	22	86%
2021	100%	29	100%
2020	96.67%	22	100%
