

March 31, 2025

Greetings from the Owen Center for Teaching & Learning! We are excited about your future here at Heidelberg!

If you still need to do so, please complete all the items on your checklist related to advising. After you complete the Advising survey, an Owen Center advisor will use this information to begin building a schedule for you.

Our goal is to have a draft of your Fall schedule built and ready for you to review at Orientation this summer! We are looking forward to collaborating and making necessary edits during and after your initial review at orientation. In order to have a draft schedule ready for your review you must complete all placement assessments, the advising survey, and submit your final/official transcripts. Please note, all first-year students must complete the ALEKS Math Placement Assessment regardless of CCP/ AP classes and you will have two attempts on the placement test.

Do not hesitate to contact us if you have any questions throughout this process.

In Berg Pride,

The Owen Center
