

July 20, 2020

The countdown begins! You are about a month away from beginning your Heidelberg experience and all of us here at the 'Berg are gearing up for the academic year. To help you prepare for arrival, I've provided a few tips and resources.

New Students who are commuting or living on campus will arrive to On Campus Check-In at the Campus Center on Wednesday, August 19 between 9:00am and noon. Commuting students are welcome to attend closer to 11:30am. The [Arriving on Campus website](#) provides several details to help you prepare for arrival. Some students will participate in On Campus Check-In before August 19th due to mandatory practices and those groups have communicated the date of their group's arrival as well as expectations for the arrival day. Questions should be directed to the group leader/coach.

On Campus Check-In is a time set aside not only for new students but also for returning students so that "housekeeping items" are out of the way to ensure students can focus on academics. The New Student Checklist on OASIS lists the necessary items to help you transition smoothly into your academic activities. If you have not recently visited your New Student Checklist, please go there [now](#). Questions pertaining to an item on the checklist should be directed to the contact listed.

A parent/guardian is not required to attend the On Campus Check-In but we strongly encourage that Financial Aid and Health Records are finalized prior to arrival when a parent/guardian cannot attend. We understand there may be some anxiousness, so if you need any assistance, please feel comfortable in asking staff who are available at the On Campus Check-In.

The most remarked about activity at the On Campus Check-In is the stop to see the Yearbook coordinators. Casual pictures are expected! It's the capstone stop at the Check-In which will lead the student into heading out to their residential space. Please visit the [Residence Life & Housing website](#) for residential space information.

COVID Guidelines: Please bring no more than two guests. Only the student will be permitted inside Campus Center to complete the check-in process and sign up for a move-in time slot. Guests will be able to rejoin their student once check-in is complete and assist them with moving into their dorms as needed.

In Berg Pride,

Chris Abrams
Dean of Student Affairs
