

June 1, 2020

Greetings from the Office of Admission!

Checklist 3 is officially open on your New Student Checklist. You can access this checklist by logging into OASIS and going to your New Student Checklist (to the right of Checklist 2). All of these items will need to be completed before you arrive on campus in August.

In addition to Checklist 3, the "Additional Items" section is now available. While none of these items are mandatory, they are common links for new students.

Finally, the [Course Preferencing Survey](#) is now available for all incoming students to complete! This survey provides students with an overview of the purpose and structure of the General Education or Honors Curriculum requirements and the opportunity to indicate subject areas they are most interested in taking courses in for each of the primary Liberal Arts categories. The advising staff in the Owen Center for Teaching and Learning will use this survey information to aid in course selections as they build first-year student schedules for the fall semester. Please complete this survey at your earliest convenience, preferably prior to June 26th.

Please do not hesitate to contact us with any questions you may have throughout this process.

In Berg Pride,

Brady Gibson
Assistant Director of Admission
