

The Owen Center
for Academic & Career Support

Dear new Student Princes:

There are new items on the the “Additional Items” checklist in OASIS.

All students participating in the First Year Common Experience trip to Hocking Hills must complete a [medical history and emergency contact form](#).

We understand that we are asking same information you supplied on your Health Forms and appreciate your patience with this redundancy; to protect your privacy, federal law prohibits Heidelberg’s Health Center from sharing your medical information with other offices. Please complete the form as soon as possible. If you arrive on campus without completing this form, you will need to complete it at Verification, slowing down your move-in.

The Department of Communication and Media would like you to complete the two communication assessments. These should take you less than 10 minutes to complete both. We would sincerely appreciate your participation in both.

For questions about the First Year Common Experience, contact the Office of Student Engagement at hype@heidelberg.edu.

For questions about the COM evaluation, contact Professor Dr. Heaton at rheaton@heidelberg.edu.
