

Student Accessibility Services

## **“What is the Office of Student Accessibility Services?”**

*Our mission is to provide students with disabilities and other accessibility needs the services and supports they need to achieve equal access in pursuing higher education at Heidelberg University while also serving the wider campus community as a resource in understanding disability, accessibility, and inclusivity.*

### **“Who do you work with?”**

We work with all students with accessibility needs, ranging from students with physical disabilities, learning disabilities, mental health concerns, chronic health issues, allergies, and more.

### **“How do you work with students like me?”**

Through an interactive process, we determine what individualized accommodations would remove or minimize the barriers between you and equal access to your education.

### **“What kind of accommodations are available?”**

It is always tailored to each individual student, and we coordinate housing, dining, and academic accommodations.

### **“What do I need to do?”**

Schedule an appointment and we'll have a confidential conversation about your unique situation. You may have to provide documentation from health care providers, high school, or other sources.

*For more information or to schedule an appointment, contact us at [accessibilityservices@heidelberg.edu](mailto:accessibilityservices@heidelberg.edu) or 419-448-2484, or visit us in the Owen Center, Room 314 of Campus Center.*
