

Dear Students,

As we prepare to resume in-person classes and lift the quarantine, we want to ensure that each of you is equipped with a thermometer, which will make completing the daily health self-evaluation form easier. Heidelberg will provide a thermometer, free of charge, to those of you who do not have one.

If you need a thermometer, please complete this form by noon on Monday, September 28.

If we are to prevent another COVID-19 outbreak, monitoring the health of everyone on our campus is vitally important. ***Everyone must complete the health assessment form every day.*** I suggest making it a regular part of your morning routine before you head to class and complete the form on the weekends too.

As a reminder, if your temperature is higher than 100.4 degrees F or if you are experiencing any of the symptoms listed on the self-evaluation form, you should not go to class and immediately contact Stoner Health & Counseling Center at 419-448-2041.

Sincerely,

Chris Abrams
Dean of Student Affairs
