

If you would like to calculate the cost difference between your current costs (Option 1) by choosing the remote option (Option 2): Open up your current fee bill in Oasis. Enter any grant aid you receive into the box labeled state and federal grants. Enter any outside scholarships into the field for outside scholarships. Then enter any Heidelberg scholarships you receive and enter any University grant you receive in the corresponding box. If the amount of Heidelberg scholarship and/or University grant you receive causes your total aid to exceed the cost of tuition, the amount of that award will be deducted until you have no balance. This will be done on the order of University grant, then, if necessary, scholarship. These awards are reduced because they were originally calculated and awarded for a cost of attendance that included room and board.

**Example student where aid does not exceed tuition**

Tuition	26945
- State and Federal Grants (OCOG, Pell and SEOG, etc.)	5000
- Outside Scholarships	1000
- Heidelberg Scholarship (current award Presidential, Deans, Faculty, Academic, Out of State, etc.)	14000
- University Grant (current award)	3000
Balance Due (student may borrow to pay balance due)	3945

**Example student where Heidelberg aid exceeds tuition**

Tuition	26945
- State and Federal Grants (OCOG, PELL and SEOG but excludes loans)	12500
- Outside Scholarships	5000
- Heidelberg Scholarship (current award Presidential, Deans Faculty, Academic, Out of State, etc.)	16000
- University Grant (current award)	3000
Balance Due	-9555
+ University Grant (award reduced by 3000)	3000
+ Heidelberg Scholarship (award reduced by 6555)	6555
Balance Due	0
